The study will include watching a Back to the Bible produced DVD which was filmed on location in Israel. The DVD is composed of lessons which are in-depth video tours of the buried, distant, or otherwise forgotten places where the events of the Bible actually happened. By weaving together fascinating historical, cultural, religious and geographical contexts, teacher and historian, Ray Vander Laan, reveals keen insights into the Scriptures' significance for believers in this day and age. Mondays in Feb and Mar. (No study Mar. 22)
