

## About Lincoln Berean Church

---

Lincoln Berean Church has been serving the community of Lincoln, Nebraska for 55 years. Our church started in a living room with a handful of people and has now grown to over 4,000 in weekend attendance. Our roots started in the Fundamentalist movement as part of the Berean Fellowship of Churches located primarily in the Midwest, a movement that was based on the “fundamentals” of the Christian faith. Our journey has taken us through the struggles and bondage of legalism into the wonder of God’s amazing grace. Today as a church we strive to understand and celebrate the freedom and life-changing power of Jesus and His grace in our lives.

When people ask what makes LBC so special the best answer is, “the people.” God has blessed our church with amazing people over the years who willingly and joyfully sacrifice time, talent and treasure for Kingdom purposes. While some local churches gain a reputation for damaging its pastors, LBC would be the polar opposite. The people of LBC have a long history of loving, supporting and encouraging their pastors. It’s a great place to lead and serve.

LBC is a vibrant community of Jesus, building our lives around the invitation of a loving God and the opportunity to love others one person at a time, one day at a time. We are ordinary, imperfect sinners, misfits and losers representing different backgrounds and life stages, being changed by the power of Jesus through this beautiful thing called grace. We are learning to love others right where they are, no matter what their circumstances or where they have been. We understand that people matter to God and they deeply matter to us, too. Thousands of us gather together weekly on Saturday and Sunday to laugh, cry, sing, share and listen to some effective teaching from the Bible. We also gather throughout the week in various ways to encourage, grow, mentor and live out life with Jesus. These gatherings range from support groups, to business leaders over lunch, to grandparents praying together, to clusters of people in neighborhoods, to kids’ clubs, and all sorts of other ways.

Our worship services primarily target believers with an understanding that there are always unbelievers among us on any given weekend. We view ourselves as a family and desire to have our whole family together in worship. For that reason, all our weekend services are identical as we seek to blend various types of music, traditions and worship styles for all ages. We highly value expository preaching as we have a passion to rightly handle the Word of Truth. We desire to equip believers when we gather together so they can go out and do the work of ministry faithfully living out the Gospel in our community and around the world. We put a high emphasis on discipleship from our youngest children to our oldest adults. In addition, we are heavily invested in global missions as well as highly involved in various ways in our own community.
